CENTENNIAL COLLEGE PROGRESS CAMPUS

COURSE COMP229 Winter 2017

Progress Report #02

Hello Team Members!

How was your AMAZING day?

As it was mentioned in the session for this week please design and implement the database that you need for your term project. Moreover, provide what you have done in this week for your project and the role of each member in the team work (who does what)

IMPORTANT NOTE: If you did not submit your proposal yet, IT IS REALLY A SERIOUS SITUATION that can **HIGHLY RISK** your mark. (After all, at least 50% of your mark depends on your term project and it starts from proposal)

Assignment Due

The assignment is due on Saturday, March 25th, 2017 at 11:00 PM. Late assignments are only accepted for two additional days and are marked out of 80%.

NOTE:

You should submit the following files in your e-Centennial DropBox:

One MS word or PDF document (It should contain your word document that contains all explanations, snapshots from the environment and the results, and your code)

NOTE:

Please kindly **only if** for any reason you could not submit your code; email your project to the following email address:

sdibaj@my.centennialcollege.ca

All my best, and wish you the best of luck ☺
